This assembly is designed to acquaint students with one of the most influential persons of our country's history. By his strong convictions to advocate for the civil rights for all people (regardless of color), Dr. King has in some way touched the lives of everyone.

The assembly begins with a dramatization of Rosa Parks and then is followed by a historically focused poem about Martin Luther King, Jr. The program continues with an innovative activity that provides the students with a personal experience with the common ground elements of human kind.
